

## ATTENTION SHIELDS® CUSTOMERS

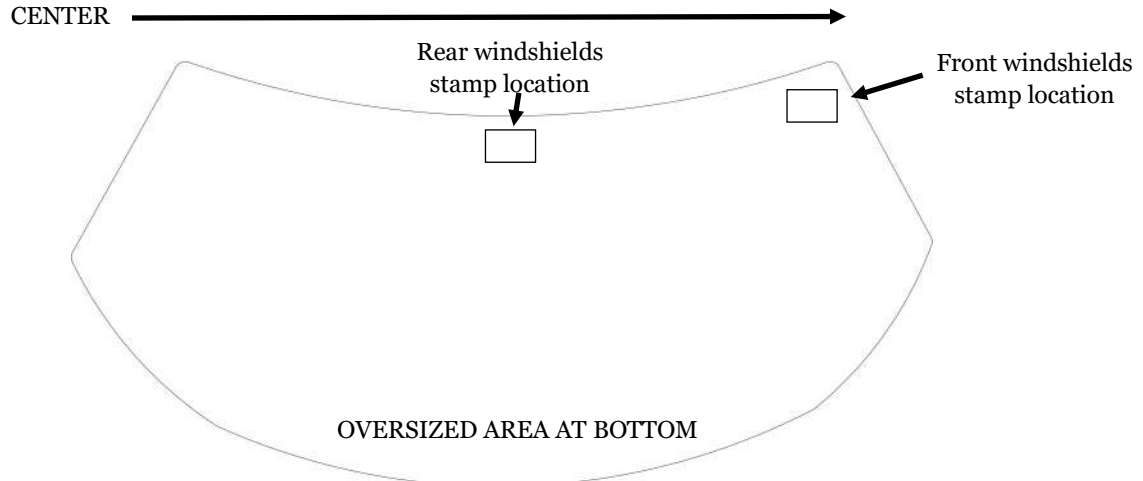

We appreciate your support and want to ensure we communicate clearly about our warranty on your windshield. All warranty coverage is stated on your care sheet.

We are aware that many customers cut down our windshields to fit their custom car build. We understand this; however, if you cut off our SHIELDS® stamp, we CANNOT guarantee your warranty will be fulfilled. That part marker tells us everything we need to know about that part.

**IF YOU WANT YOUR WARRANTY INTACT, DO NOT CUT OFF THE SHIELDS® STAMP.**

If you plan to cut down your oversized windshield—please see our advice below to retain your stamp and warranty.

OUR GENERAL OVERSIZED WINDSHIELDS ARE TOPLINED TO THE OEM TOPLINE.  
CENTER YOUR WINDOW FROM LEFT TO RIGHT. NOT TOP TO BOTTOM. THEN PROCEED TO CUT OFF EXCESS. SEE DIAGRAM.
